ONE OF NEW BRUNSWICK'S TOP ATTRACTIONS OUR FALLS AND GORGE

Welcome to the natural beauty and splendour which Grand Falls has to offer.

Grand Falls is situated on the Maine, U.S.A border and is 85 km (50 miles) from the Quebec border. One of the most distinctive marks of our town is its bilingualism.

At the Malabeam tourist information center admire our Falls and Gorge, an impressive landscape and breathtaking view. For another awesome view via the walking trails, you will appreciate the lookouts located along the Gorge.

At the La Rochelle tourist center, descend 250 steps and reach the shores of the St. John River. Here is the ideal place to observe the impressive Gorge with its wells in the rocks. You can also explore our famous Gorge, on a pontoon boat ride, by kayaking or why not slide on a zip line!

Downtown Grand Falls has a particular cachet. The Broadway Boulevard, in its uniqueness, is the widest boulevard east of Winnipeg. The boulevard is extraordinary with a width of 38 metres (125 feet) and a length of 1.2 km. Visit the local shops, dine at one of the many restaurants or simply stroll along the Broadway Boulevard at your leisure.

Visit the Historical Museum and find memorabilia's of Ron Turcotte, thoroughbred race horse jockey best known as the rider of Secretariat, winner of the U.S. Triple Crown in 1973.

If you love golf, Grand Falls has a magnificent 18 hole championship golf course with exceptional and impeccable greens. The Grand Falls golf course is a classic in every sense of the words.

We are confident your stay with us will be very pleasant and hope you enjoy and discover the charm of our region to better appreciate the natural wonders of this beautiful town.

- Farmers' Market (Saturday mornings)
- Walking and biking trails
- Regional Potato Festival
- Marina and water sports
- Camping along the Gorge

Ron Joseph Morel Turcotte is a thoroughbred race horse jockey best known as the rider of Secretariat, winner of the U.S. Triple Crown in 1973.

Turcotte's career ended abruptly on July 13th, 1978 following a tumble from his horse at the start of his race at Belmont Park in New York that left him a paraplegic. He was only 36 years of age.

Ron Turcotte is the proud father of four daughters and four grand children. He now lives on his ranch in Drummond near Grand Falls New Brunswick with his wife Gaetane.

The movie **SECRETARIAT** was released in October 2010 by Walt Disney Pictures.

Where people and trails meet!

Located in the heart of the Appalachian's, and straddling the St. John River, Perth-Andover has three major trail systems converging on this historic village with Maliseet, English, and Scottish heritage. Local crafts, tasty restaurants, a castle inn, bass fishing, and riverside picnics, make Perth-Andover a definite stopover.

Visit the Southern Victoria Historical Museum to discover the heritage that

has created this part of the region.

Hike or cross-country ski the three trail systems. The International Appalachian Trail, the Trans Canada Trail and the Sentier NB Trail are waiting to be explored, providing you with scenic vistas and a return to nature. Visit the river and embrace it's naturally beauty and lose yourself in its calming flow.

Partake in some recreation and leisure experiences by canoeing or kayaking in the beautiful river, play tennis or basketball at one of our courts, or splash around in our outdoor pool and splash pad park. Browse through the Perth-Andover Farm Market, the region's largest, every Saturday at the Legion (June-September), to find the best of the woods and waters, and delicious home-baked treats fresh from local kitchens.

TOWN OF HARTLAND

Hartland, the smallest town in New Brunswick, with a population of about 950, has a varied and interesting history. It was known as "Mouth of the 'Guimac" until it was officially changed to "Hartland" about 1870. Some say it was named in honor of Rev. Samuel Hart, an early Baptist minister; others say it is in honor of James Hartley, an early surveyor; while others say it was named because it was "the heart of the county."

Its early settlers were loyalist with William Orser and his six children being the first settlers. William's first wife died and he married Mary Blake Craig, who also had six children. To complete the story William and Mary had six more children. Mary Blake Craig Orser is called the "Mother of Hartland."

The river has always been important in Hartland's history. As early as 1813 Troops were moved from the Maritimes to Upper Canada on the river, especially when it was frozen.

Steamships plied the river waters in the mid-1800s, but only during high water.

In 1997 Hartland was the National winner of "Communities in Bloom" a contest for communities with a population under 1500. In 1998 Hartland won "The Canadian Living Award for the Best Community Spirit."

Scenic Walkway The scenic walkway runs from the Visitors Information Centre up to the Charles R. Allen Park.

The 1,282 foot Hartland Covered Bridge is the longest covered bridge in the world. It was originally constructed by the Hartland Bridge Company, which was formed by citizens on both sides of the St. John River, and officially opened July 4, 1901.

The bridge was purchased by the government of New Brunswick in 1906. Two spans of the bridge were taken out by river ice April 6, 1920, and the government made major repairs and covered the structure in 1922.

The side walkway was added to the bridge in 1945 and on June 23, 1980, the Hartland Covered Bridge was declared a National Historic Site and on September 15, 1999 it was declared a Provincial Historic Site.

VILLAGE OF HARVEY

Bring your canoe or boat, then relax and practice your fishing at Harvey Lake, known for its quality small-mouth bass or take part in the annual fishing derby. Harvey has several shops and cafes to enjoy home-cooked meals and home baked goods and in-season local produce. The market also features two floors of antiques and collectibles, charming local arts and crafts, a flea market, and public rest rooms. Visit the Briggs & Little Woolen Mill, Canada's oldest woolen mill, since 1857.

The Village of Harvey is a warmhearted vibrant community located just 47 kilometers southwest of Fredericton, the capital of New Brunswick. First settled in 1838 by a group of 16 Scottish families, Harvey is steeped in history with many of the early buildings still in existence and some say the spirits of these earlier residents are still present as well.

Harvey was once well known as a railroad town and a great farming area, having been dubbed the Jersey Capital of Canada. Farming has now been largely replaced by residential development and many light industries have found it a supremely satisfactory location as Harvey is only minutes away from the Maine Border at Vanceboro, making it viable to set up for import/export.

One of the earliest industries in the area was established in York Mills in 1857. This still exists as the Briggs and Little Woolen Mill and fine yarns are exported internationally to the U.S., Europe, England, Australia and other countries.

Many of the existing general merchandising outlets had their roots in the late 1800's and are still in operation as general stores, food services and convenience outlets.

See a giant fiddle - erected as a tribute to the late Don Messer (1909 - 1973) born in the nearby community of Tweedside.

Moving ahead approximately 150 years, the families of this area are kept informed of the community activities by the "Lionews", one of the many services provided by the local chapter of Lions International. Youth are kept busy attending many numerous functions, including a Girl Guide Movement, 4-H Club, Army Cadets, school-sponsored sports, and youth church organizations. Some of the local residents indicate that they never get a

chance to stay home, as there is something to do every night. Harvey is only minutes away from King's Landing Historical Settlement, Canada's #1 tourist attraction. Visitors to our communities are welcome to stop at the unique gift shops and stores and participate in the many year-round activities. In the winter, people can be found ice fishing, curling, cross country skiing, playing hockey or out on the approximately 60 miles of groomed snowmobile trails maintained in the area in the summer, residents and visitors utilize the many lakes in the area for boating, fishing, swimming and water-skiing. Should you wish, you can just park your "home on wheels" or rent a cottage, relax and enjoy the panoramic scenery and perhaps, catch one of the many local artisans at work, as tours of most of the manufacturing outlets are available at your request.

Harvey is a great place to visit and many visitors have decided that they would like to live here.

Mactaquac

A Relaxing Break From The Highway

If heading east to downtown Fredericton why not take Exit 258 to Route 102 east and cosy up close to the picturesque St. John River. And why not, the trip is actually shorter, no transports are allowed and the drive is leisurely.

This route will allow you to enjoy the scenic views of the tranquil Mactaquac Lake. Along the way you will see boats in the lake, cattle grazing in the fields and fresh water beaches. You will have the choice to continue to downtown Fredericton following Route 102 or if you like you can crossover the top of Mactaquac Dam and follow Route 105 east along the north side of the river.

As you get closer to Fredericton you pass local stores, gas stations, restaurants, motels/hotels and craft and produce stands. When you arrive in Fredericton you will be glad you took this little detour and had the opportunity to enjoy what we lovingly call "Mactaquac Country" here in New Brunswick.

A Vacation like no other! edVentures celebrates its sixth season!

edVentures Fredericton offers a vacation where you can un-lock your inner creativity, experience a deep sense of learning and revitalize yourself. Whether you are looking to have friends or family visit a little longer or want to do something different this summer, edVentures Fredericton offers you a vacation experience un-like any other.

This year's edVentures Fredericton program is set to run from July 8 to August 9. edVentures Fredericton is Atlantic Canada's largest learning vacation program and this year will offer over 70 workshops that range from half-day to 5-days. The 2013 stellar line-up features some of Canada's most prestigious artists, including: highly acclaimed photographer, writer and teacher of visual design Freeman Patterson; the father and son team of renowned egg tempera painters Tom and William Forrestall; master book binder Don Taylor; and nationally acclaimed sculptor and metalsmith Mary K. McIntyre. Some new workshops for 2013 include Persian Tile Painting, Interior Decor, Stained Glass, Screen-Printing, Aboriginal Paddle Making and Aboriginal Ash Basketry.

edVentures workshops are offered in 8 categories: Fashion & Sewing; Heritage & Traditional Craft; Jewellery & Metalwork; Photography & Digital Media; Pottery & Glass; Textiles; Visual Arts, Mixed Media & Design and Writing.

The majority of workshops take place at the New Brunswick College of Craft & Design with some taking place at Kings Landing and the University of New Brunswick.

After an exhilarating day of workshops, enjoy all of the fantastic activities that our culturally dynamic city has to offer. Dine at one of the fine restaurants, watch the Changing of the Guard ceremony, enjoy a free concert in Officers' Square, or reminisce while watching a classic film under the stars at the outdoor film series.

Workshop registrations are well underway and seats are selling fast! Don't miss an opportunity to experience the workshop of your choice.

To review this year's workshops and register online, check out www.edVentures.ca or call 1.888.850.1333. Make sure you "like" edVentures Fredericton on Facebook and join in the conversation!

Grand Manan Island

New Brunswick, Canada

www.grandmanannb.com

*An uncrowded Island surrounded by the cool, clear waters of
Canada's magnificent Bay of Fundy*

Visitor information 1-888-525-1655 info@grandmanannb.com

Grand Manan Island – the Island in New Brunswick's Bay of Fundy!

There is one place in New Brunswick that has all of the best of New Brunswick and the Bay of Fundy in one destination..... Grand Manan Island! High tides? Yup, got those! Walk on the ocean floor? Yup, every day, twice a day! Lighthouses? Yup – 8 of em! Working fishing communities? Yup, got those, too.... and lots more! And everything is in one compact package 24km long (15 miles). Great for a day-trip or great to stay!

Just getting to the Island is an adventure (well, yes the ferry is "The Grand Manan Adventure", but so is the trip). On the 90 minute ferry crossing from the mainland of New Brunswick (Exit 60 on Rte 1) expect to see great coastal scenery, fishing activities, seabirds, probably a few whales, porpoise and who can forget the smell of the fresh ocean breeze.... That alone is worth the trip! Oh, yes, there is lots of comfortable seating inside, a cafeteria for breakfast or lunch and a gift shop

featuring Island art and souvenirs, so look around. Grand Manan Island is a pleasant blend of active fishing communities and the serenity and beauty of all that nature has to offer. A genuine, not-built-for-tourists destination that's not too far away....., but it's far enough to make a real difference! Each community has a busy fishermen's wharf to explore and there are several museums, an art gallery, art and gift shops and great places to eat and stay – historic county inns, quaint cottages and B&B's, world class camping.

Make sure you include a visit to the farmer's market every Saturday morning. Lots of artisans and craft people selling their goods, homemade sweets, jams and jellies and local farm and fish products. This summer Grand Manan will be home to several festivals and events: Canada Day is celebrated with style in Seal Cove at the southern end of the Island; New Brunswick Day (first weekend in

Close enough for a visit!

...Far enough to make a difference!

Swallowtail Light, Grand Manan Island

*Rugged cliffs by the sea - Fields of wildflowers - Uncrowded beaches
Miles of marked hiking trails - World class bird watching
The best whale watching - Kayaking and bicycling - Salt marshes
Lighthouses - Museums - Quiet fishing villages
Choices in dining - Seaside cottages - Quiet country inns
Camping by the sea - Local arts and crafts*

lots to see... lots to do!

August) is celebrated with Rotary Days, a week of events hosted by the Grand Manan Rotary Club; if you have a taste for good music, take in the Summer's End Folk Festival on August 23 and 24; and rounding out the season will be the Grand Manan Birding Festival on September 6, 7 and 8.

.....But don't wait for the birding festival to enjoy the many species of birds on the island – 240 species and counting.... Some of the best bird watching anywhere, anytime! Grand Manan offers limitless opportunities for photography, art, sightseeing, rockhounding and hiking... wow, is there hiking on Grand Manan Island... over 70 km of marked hiking trails from “nice and easy” to “you’ll want to be prepared”!

Grand Manan Island has great sea kayaking, lots of uncrowded beaches to explore and the absolute best whale watching in the Bay of Fundy and some of the best in the world. More whales, more often! The ocean around Grand Manan Island? The whales call it “home”! You’ll call it “the best vacation ever”!

Oh! It's OK to do nothing, too! The Island is a perfect place to relax, sit back and watch the tide come in....., but being in the centre of the Bay of Fundy, one of the Marine Wonders of the World and home to the highest tides in the world..... watching the tide come in might be more interesting than you think!

Grand Manan Island – the Bay of Fundy all around..... and Wildly Inspiring!

**Whale watching on Grand Manan
Island. Worth the trip.....
Worth the difference!**

Ever seen a "baby" that is bigger than a school bus? Well, get ready to meet one when you go whale watching in the Bay of Fundy with Whales-n-Sails

Adventures! Most baby whales are as big as a school bus when they are born and the Bay of Fundy around Grand Manan Island is where their moms bring them for the summer.

Captain Sarah and the crew of Whales-n-Sails Adventures have been sharing and showing the whales of the Bay of Fundy with folks since 1999. Sailing with the power of the Fundy's breezes, she will glide her large, comfortable sailing yacht quietly by the whales in their natural surroundings. And there are lots of whales to see around Grand Manan Island. There are just more whales around the Island than anywhere else and that makes for better whale watching! When your Captain has so many whales to choose from, great whale sightings are guaranteed (If whales you don't see, your next trip is free!).

But it's not just the number of whales that make the difference! The question is often asked "Why go way out to Grand Manan Island to go whale watching? Can't we see them from the mainland?" True, but there is one difference that Whales-n-Sails' customers really appreciate - There's no crowd of boats

jockeying for position to get a glimpse of 2 or 3 whales like you will find in the bigger centres. Not on Grand Manan Island! Typically, it's just your boat and 5, 10, 20 and some days even 30 or 40 whales around you!

As Captain Sarah likes to tell people "Those other places the boats line up

to get a brief look at "the whale"; Out here, the whales line up to see us!"

And when Captain Sarah says "to see us",

she really means "to see you".

Come on over..... The whales are waiting to meet you!

St. Andrews

Saint Andrews, NB or St. Andrews By-the-Sea as it is commonly called was founded in 1783 by the United Empire Loyalists. This little seaside Town is well preserved with many of the original buildings still gracing the Town Plat. Some of these buildings were barged to the area from Castine, Maine at the end of the Revolutionary War and are listed under the New Brunswick and Canadian Registry of Historic Places.

Throughout the decades Saint Andrews has welcomed visitors from all corners of the earth. Currently, the population is around 1800 year round and significantly increases in the summer.

Today, Saint Andrews represents one of the best preserved examples of colonial heritage in North America. While maintaining its charm, Saint Andrews is also a dynamic, prosperous community. Small town values and friendly neighbours mix easily with a spirited business environment. For the residents of Saint Andrews, life is indeed charmed.

Garden by the Sea

100% Natural & 100% Fabulous

When you purchase any products from the soap and skincare department you are receiving a guaranteed 100% natural formulation that was handcrafted locally in New Brunswick using safe, pure and environmentally friendly ingredients.

When the Garden Girls say their products are all natural, they mean ALL Natural! You will not find any dyes, perfumes, sulphates or other harmful chemicals in any of their body products!

"We have made a choice to be all natural intentionally and we stand by that promise with each and every single skincare product in our shop. We wanted to have access to truly safe products; products we would feel comfortable having our own family use with the comfort of knowing their safety was not being compromised."

At Garden by the Sea the mother daughter team that run the business manufactures the majority of their fabulous body products, like their famous bath bombs, while others are made for them.

"All of our soaps and skincare products are made by hand, in New Brunswick so that we can work closely with our producers and monitor the quality of the products we sell."

They have no interest in any products which contain any less than 100% natural ingredients; if it is not all natural it will not be on their shelves. All of their body products are of the highest quality, made with the finest of ingredients including locally sourced seaweed, oatmeal, honey and organic botanicals! To add scent and therapeutic benefits they use pure essential oils, never synthetic perfumes or fragrances. All year round their shelves are stocked with all things fabulous including luxurious soaps, bath bombs, therapeutic bath and massage oils, seaweed masks, exfoliating scrubs, face creams, body butters, lips balms and so much more!

PENNFIELD

During the latter part of the summer be on the lookout for signs of Blueberries For Sale. Charlotte County is famous for its blueberries and roadside stands in the Pennfield area will attest to that. The annual Blueberry Festival is held in August. Recent medical reports indicate there is a definite positive link between blueberries and the fight against cancer. Pennfield boasts several fine restaurants and shops, many of which specialize in seafood and home baking.

The main highway through this quiet, rural community brings visitors right to the edge of the Bay of Fundy. Whether at high or low tide, it can only be described as "picturesque".

POCOLOGAN

The name Pocologan is thought to be derived from an Indian name meaning "resting place". No wonder so many visitors stay in the motels and campgrounds for several days at a time. It truly is an "Oceanside Paradise". Some older inhabitants may be able to relate local folklore to keep you entertained.

The Old City Market

First opened in 1876, the Old City Market has withstood the test of time - from The Great Fire of 1877 which devoured the city around it only a year after it opened, to the twentieth-century urban renewal that built a brand new city right outside the iron gates.

A full city block in length, the Market runs downhill from the "head of the Market" on Charlotte Street, gently sloping to the Germain Street entrance, a full 20 feet below. At both entrances hang the same gates that have swung closed at the end of each business day since 1880. Crafted from heavy wrought-iron, their graceful design is a tribute to the skill and artistry of the local blacksmith who created them.

Saint John City Market has been designated by the Government of Canada as a place of national historic significance. This place is part of the Family of National Historic Sites, one of more than 800 places across Canada which help define the important aspects of Canada's diverse but common heritage and identity.

Bigtide

BREWING CO.
Saint John, New Brunswick

Big Tide Brewing Company, Saint Johns' only brew pub and restaurant, commenced brewing their hand-crafted all-natural ales and lagers at their 47 Princess Street location in August of 2009. Since then we have gained a reputation for offering high quality beer accompanied by food that reflects the flavours of our brews.

Our brewers, Wendy Papadopoulos and Chris Welch, are intensely passionate about their personalized approach to the science of brewing. Their dedication is manifested in the taste and flavour consistency of their efforts.

Chef Tom MacArthur has developed a customized menu with appetizers and entrées that focus on the use of our flavourful brews during their creation. Our delicious pub staples and specials are the perfect match to our beer.

Big Tide strives to celebrate our regional heritage, history and culture through the names of our brews: Fogbound Hemp Pale, Seaworthy IPA, Benedict Arnold Extra Special Bitter and Sandpiper Pilsner to name a few. The latter is named for our unofficial mascot - the semipalmated sandpiper. This tiny shorebird is common in the Bay of Fundy area in late July and early August as it stocks up on fuel for its long trip back to South America. The semipalmated sandpiper is unique and distinct--just like us. Wise semipalmated sandpipers know that the best place to fuel up is the Bay of Fundy, which is, coincidentally, where you'll find the Big Tide Brewing Company, source of some of the best fuel around.

Kingston Peninsula

“We’re keeping it real by keeping it local”

Located along Route 845, the Kingston Farmers Market is on the picturesque Kingston Peninsula, just 20 minutes including a short ferry ride from Rothesay, or a 20 minute drive from Hampton, New Brunswick. It is a hub of activity with vendors of various agricultural, food and artisan products. This market has become famous over the years for its large, wholesome breakfasts, and over 400 people are served in its dining room each Saturday. The market is also a favourite meeting place for area residents and tourists alike. You are welcome to drop by and enjoy a coffee as you browse and chat with local vendors, both inside the market building or outside in the courtyard, under the canopy, all while enjoying live entertainment by local musicians.

The Kingston Farmers Market was originally established in 1982 by a few local producers who contributed funds to renovate the premises of a local Community Hall. Over the years the success of the Market filled the rented premises to capacity. With no space for expansion the Market applied to build a community owned larger market building and the Market became a Co-operative Association on July 22, 1997. The Market expansion as it stands today was completed in May, 2007, offering larger dining, vendor and parking facilities.

The incorporated Market described its purpose “to establish, maintain and operate a community owned market on the Kingston Peninsula for the purpose of providing a market facility in season to enable local producers and vendors of agricultural products and crafts to sell their products on a profitable basis and to enable members of the general public to avail themselves of those products at a fair price and in an agreeable manner”.

Now in its 16th season of operation, the Kingston Farmers Market has over 90 vendors each Saturday during peak season, and prides itself on remaining loyal to the local vendors and producers. It is open 8:00 a.m.

until 1:00 p.m. from early May until the end of November. Being hailed as “the foodie place to be on a Saturday”, it has built a reputation of offering many great food selections including fresh salmon, Thai, pizza, Korean, poutine, soups, along with fresh baked breads, bagels, cookies, pies, jams, jellies, honey, maple syrup and salsas. Many local crafters and artisans offer clothing, art, soaps, jewelry, woodworking and photography. The fresh produce vendors, the foundation of the Market, offer fresh vegetables and fruit in season, plants, herbs, farm fresh eggs, beef, chicken, homemade sausage, and so much more. Be sure to “like” the Kingston Farmers Market page on Facebook, under Kingston Farmers Market, Kingston NB, where you receive updates on a weekly basis with live photos being posted each Saturday.

The Kingston Farmers Market is a great outing on a Saturday morning, rain or shine. The community atmosphere becomes apparent on your first visit and will leave you wanting to come back for more. For further information, please call (506)763-3490, or send a message through Facebook.

Ridgeback Lodge is located on the beautiful Kingston Peninsula. We offer cedar log cabins nicely separated with covered deck and BBQ. 185 Private acres with groomed trails, pond, and hot tub. Kingston Peninsula

Where's your favorite Kingston Peninsula spot?

To reach the Kingston Peninsula from Saint John take Route 1 Exit 141 onto Route 119, travel down the Gondola Point arterial and cross the Gondola Point Ferry. The Kingston Heritage District is 6 km to the right. Two of the favorite destinations on the Kingston Peninsula are the new Kingston Farmers Market and the Original Peninsula Farmers Market, both located in Kingston. Shoppers will find over 70 vendors of various agricultural, food and artisan products. It's been said that market breakfasts are legendary.

Other popular spots on the Kingston Peninsula include Crimmins Pottery

at Shampers Bluff, Reed's Point Pub, Elmhurst Outdoors on the Ganong Road, Long Reach Paintball, Bostwick's "U" pick apples on Long Reach and Fullerton's Market.

There are four campgrounds on/off Route 845: Harding's Point Campground at Westfield Ferry Landing, Crystal Beach Campground at Carters Point, Riverside Rentals Family Camping & Housekeeping Units at Long Reach and Hidden Valley Campground on Woodhaven Drive in Kingston. Another popular option is Adair's Lodge & Cabins.

The Kingston Heritage District, a cluster of visually pleasing historic properties at the crossroads of Routes 845 & 850, will be of particular interest to history enthusiasts for their unique historical features. This area, now known as Kingston, was the site of the first major Loyalist settlement on the Kingston Peninsula. The Loyalists built the Anglican Rectory and Union House Hotel (now Kingston General Merchants) in 1788. The other historic buildings at this intersection include 1810 Carter House now functioning as a tearoom and gift shop, the 1910 Macdonald Consolidated School that also houses the John Fisher Memorial Museum and 1789 Trinity Church the oldest Anglican church in NB. Other historical sites on the Peninsula include the 1914 lighthouse and 1920 covered bridge in Bayswater.

No matter your reason for visiting the Kingston Peninsula be sure to stop at Kingston General Merchants located at the historic crossroads of Routes 845 & 850. We have an extensive selection of inventory including gas, diesel, propane tanks, groceries, snacks, coffee & sandwiches, lotto, fireworks, ice, hardware, tons of general merchandise, antiques & collectibles, a well-stocked Liquor Agency Store and ATM. Kingston General Merchants is open 7 days a week until 10pm to meet all your shopping needs. Many customers will tell you that we are their favorite Kingston Peninsula destination especially when the corporate liquor stores are closed. We sell liquor every day except Christmas Day. As well, we sell maps of the Kingston Peninsula to assist you in finding all your favorite locations. Call 832-5876 for local directions or information.

Welcome to St Martins

Nestled on miles of quiet, unspoiled Bay of Fundy beaches, is the serene seaside community of St. Martins. The village is the gateway to the Fundy Trail, a park with walking and hiking paths along the last undeveloped stretch of coastline on the eastern seaboard.

Located on the shores of the famous Bay of Fundy, home to the World's Highest Tides, St. Martins is a beautiful, picturesque village with a rich history. Our scenic village has many interesting features, included are Victorian properties; miles of unspoiled, quiet, accessible beaches; two lighthouses; a garden-park; an active harbour boasting two covered bridges; world famous 'Sea Caves'; and is 'The Gateway to the Fundy Trail'.

Centrally Located between Hopewell Rocks and St. Andrews, the village of St. Martins provides a spectacular setting from which to explore the entire Fundy Coast.

The original name of the community was 'Goolwagagek'* A Micmac Word meaning haunt of the hooded seal' according to DeMouilles map of 1686. Over many years it was translated as 'Araquaki'. Later translations of the name produced Roquaque and finally by 1762 it appeared on a map (presently in the Library of Massachusetts Historical Society) as Quaco. It has remained unchanged since that time.

The newly settled community was christened St. Martin's by one of the original grantees – Matthias Moran after his ancestral province in France. Matthias Moran was the founder of the prolific Moran Shipbuilding family. This family together with the Vaughan family accounted for greatest number of vessels built at St. Martin's yards. These two families mastered many of their own vessels, sailing around the world under their own "House Flag." An additional thirty-seven families are considered major builders of St. Martin's vessels. This little village was to become the third largest producer of wooden sailing vessels on the eastern seaboard of North America.

The first of the more than 500 vessels built at St. Martin's was launched in 1803 and named the RACHEL. The last vessel was launched in 1919 and named the SELINA K. GOLDMAN. When the days building sailing vessels ended, many men who comprised the talented workforce of the village found employment at the Saint John Shipbuilding Company where they used their expertise in shipbuilding to produce the great modern commercial and naval vessels used today. The last vessels on which St. Martin's men shipbuilders were involved were the Halifax Class Frigates built for the Canadian Navy in the 1990's.

The unique architecture of the village was, in many instances copied from European buildings, the intricate designs of which were brought back by

sea captains and incorporated into their own homes here. Those who could afford it – and there were several, brought artisans from Europe to decorate the interiors of their homes by painting their ceilings and wall panels. Unfortunately, little of this art remains today. There were, as well local cabinet-makers who produced everything from sleigh beds to original doors, chairs, desks and other furniture for the shipbuilder's homes as well as their own.

In 1879 the first train ran on the new St. Martin's – Hampton Railway. This proved to be a money-losing venture as the track ran north-west to Hampton rather than to Saint John- the natural commercial centre nearest St. Martin's 1940 saw the end of railway service to the village.

A disastrous fire on May 31 1900 destroyed over 68 buildings in the village - many of them the finest examples of Victorian architecture to be found anywhere.

St. Martins was incorporated by an Act of the New Brunswick Legislature on November 9, 1967.

Over the past decade, St. Martins has become known as one of New Brunswick's most beautiful seaside vacation resort communities. The Village is a magnet for artists and photographers wishing to capture the unspoiled beauty of the area. A small community of artisans produce pottery, paintings and sculptures.

And, there area growing number of unique shops and galleries. Opportunities for hiking, walking, biking, birdwatching, rockhounding, and beachcombing are all within steps of excellent dining and a range of accommodation in campgrounds, cottages, B&Bs, and country inns.

HISTORY

The Town was named in honour of the Duke Of Sussex, son of King George III. The area was settled by a few families before the arrival of the United Empire Loyalists in 1784 from New Jersey. As the settlement of the Loyalists developed, the Parish Of Sussex was established in 1786. Growth continued in the Parish with the development of the agricultural and forestry industry and the opening of the European and American railway line in 1860, thus leading to the incorporation of the Town Of Sussex in 1904.

The Town Of Sussex has and continues to provide services for the needs of the agricultural and forestry sector throughout the years. In addition, from 1939 through the 60's, Sussex was the location of Camp Sussex. During the war years, Camp Sussex was home to 10,000 troops, thus providing a natural tie with the Canadian Armed Forces.

NB AGRICULTURAL MUSEUM

The NB Agricultural Museum is located in Princess Louise Park and displays the proud heritage of the area's agricultural past. The museum has indoor and outdoor exhibits, featuring antique farm equipment, a blacksmith's shop, a relocated train station and a caboose.

Our collection includes hundreds of artifacts from our province's rural way of life. From agricultural equipment, house wares, and military memorabilia, to an impressive railway display.
